

Rex Heat Treat ITAR Policy

Rex Heat Treat is ITAR approved and has and will comply with all required regulations. Since we only provide a service for our customer's parts it is critical that our customer notify us on all paper work including request for quotation, either hard copy or digital, if the parts being quoted or sent to us must meet the ITAR requirements. Access to these documents will then be under plant manager's control to assure only person(s) under ITAR regulations have access to any ITAR part(s) information.

Portal Access:

Customers who have portal access to Rex Heat Treat Customer Portal System are required to control access of your employees or any other person or persons who may gain access to our system through your end and must meet the current requirements of ITAR.

Below is a link to the government site for ITAR. Requirements are updated from time to time and you are required to comply with ITAR restricted part requirements.
